FOR IMMEDIATE RELEASE

OVERHEAD DOOR ADDS BLACK AND GRAY COLOR OPTIONS TO THE COURTYARD COLLECTION

LEWISVILLE, TEXAS (May 22, 2015) – Earlier this month, Overhead Door, the inventor of the upward-lifting garage door, added two new colors to its popular Courtyard Collection of garage doors. Black and gray options are available to order now from local Overhead Door distributors.

Now, homeowners can choose from nine colors (white, almond, desert tan, sandstone, terra bronze, brown, hunter green, the new black or the new gray) when selecting a color or overlay for their Courtyard Model 160 garage door.

“With the addition of black and gray, we are confident that homeowners will enjoy a variety of color options to match their homes and enhance curb appeal in their neighborhoods,” said Mark Sawicki, residential product manager for Overhead Door.

The Courtyard Collection of garage doors features insulated steel construction fashioned to resemble the elegant wood designs of traditional carriage house doors.

About Overhead Door Corporation

Overhead Door Corporation, based in Dallas, Texas, is a leading manufacturer of doors and openers for residential, commercial, industrial and transportation applications. The company has five divisions: Access Systems Division (ASD), which features the Overhead Door and Wayne Dalton brands; The Genie Company, manufacturer of remote-controlled garage door opening systems; Horton Automatics, a manufacturer of automatic entrance systems; TODCO, the largest producer of truck doors for the transportation industry; and Creative Door Services, Western Canada’s leader in providing door products and services to the residential, commercial and industrial markets. Overhead Door Corporation created the original overhead garage door in 1921 and the first electric garage door opener in 1926. Overhead Door now employs more than 3,500 people, has 22 manufacturing facilities, 78 regional sales and service and installation centers and more than 5,000 distributors and dealers that service national builders, national accounts, architects, general contractors and homeowners, as well as major retailers in the U.S. and Canada. Overhead Door Corporation is a subsidiary of Sanwa Holdings Corporation of Tokyo, Japan.
