Odyssey[®] 1000

GARAGE DOOR OPENERS

Integrated with
OHD **ANYWHERE**®

Quiet yet Powerful Performance with Superior Convenience

- Powerful 140V DC motor operates most residential doors at a speed of up to 7.5 inches per second.[†] For use with residential sectional doors up to 14 ft high and 750 lbs. and one-piece doors up to 8 ft high
- Built with design flexibility in mind, choose to have your opener with or without integrated Wi-Fi or battery backup
- Belt and chain provide smooth and quiet operation
- Two-bulb lighting system provides added security and convenience
- OHD Anywhere[®] compatible models work with leading smart home and delivery platforms such as Amazon Alexa and Google Home

Battery Backup capable

[†] +/- 0.5 inches per second. Speed will slow with one-piece doors.

The Genuine. The Original.

Standard Features and Benefits

DC Power

Powerful 140V DC motor operates with minimal noise.

Quiet Operation

Belt or chain drive provides smooth and quiet operation, perfect for garages adjacent to rooms that demand minimal noise. Belt drive offers the ultimate in quiet.

CodeDodger® Access Security System

Selects a code from billions of combinations each time a remote, wireless keypad or wireless wall console is used. Helps prevent piracy of the radio signal for the utmost in security.

Patented Auto Seek Dual Frequency Technology

The opener listens for both the 315 or 390 MHz frequency emitted by a remote, wireless keypad or wireless wall console, allowing reliable operation and reducing frequency interference.

DoorDetect™ Monitoring and Diagnostic System

Delivers the optimal amount of power needed to efficiently and smoothly open even the heaviest doors. Stops the door when abnormal operation is detected for additional safety.

Self-diagnostic Safe-T-Beam® System

When objects pass through the infrared beam, the door automatically stops closing and then reverses.

Two-bulb Lighting System

Two 100 Watt bulb lighting system provides added safety and convenience. Optional Overhead Door® LED bulb recommended.

Compatible with both HomeLink®

and Car2U® Systems – works with current and all previous versions. No additional external repeater kit or compatibility bridge needed.

6' Power Cord

For high ceiling applications

Models 7130H /7130H-B

Smart Garage Door Opener Integrated with OHD Anywhere®

Remotely monitor and control your sectional garage door from almost anywhere with your smart device.* Compatible with most iOS and Android mobile devices.

- Ability to monitor the door position (open or closed) and any change to the position
- Allows multiple user accounts to give others virtual access to your garage door
- Ability to know if an authorized user is operating the door with the OHD Anywhere® app
- Time-based features allow you to schedule door operation
- Maintains access history report for each opener
- The OHD Anywhere® app allows control of multiple OHD Anywhere® Wi-Fi integrated garage door openers
- See website for complete list of smart home system partners

Models 7030H-B/7130H-B

Battery Backup Included

The Overhead Door® Battery Backup unit provides peace-of-mind, allowing opening and closing of door during a limited power outage.

California Residents:

This opener has the option to add Battery Backup. **As required by California State Law SB-969, all newly installed openers must have battery backup as of 07/01/2019.** To order this opener with battery backup, refer to **Model 7130H-B or 7030H-B**. For more information visit overheaddoor.com or ask your Overhead Door™ Distributor.

* OHD Anywhere® is designed for sectional doors only and should not be used on one-piece garage doors.
